RE: United States v. Basheem Smalls.  
11cr1040 Kmk.

The Honorable Kenneth M. Karas  
United States District Judge  
United States Court House  
300 Quarropas Street  
White Plains, New York 10601

Motion to Consider release  
Under COVID-19 pandemic.

Application for compassionate release under 18 U.S.C. Section 3582 is denied, because Mr. Smalls has not exhausted his administrative remedies. If he does that, or if 30 days passes after Mr. Smalls initiates pursuit of his administrative remedies without an answer from BOP, then Mr. Smalls may file another request for compassionate release. In other words, this denial is without prejudice.

So Ordered.

KMK

Dear Judge Karas.

I'm writing this respectfully asking if you can order I be release. For the following reasons: I've been denied halfway house and home confinement due to the COVID-19 pandemic in New York City. However I have notified staff my wife and family have relocated to Parkville, Maryland, where I've requested a relocation change. And staff again denied to contact the Dept of Probation that would look into my residence upon release. They refuse to assist me. Therefore I bring my concerns to the court. So that if I'm not granted release by the courts, I would be doing my full sentence, which you sentence me to 126 months. On November 12, 2013, my request will be on file, that I asked for a relocation change I have health issues. I've been sexually violated by staff in a prior institution in which I have a pending case against said officer. I have not violated any BOP rules that would warrant me not given the opportunity I'm eligible for serving a 126 month sentence other than staff refusing to assist me. I currently have 7 months to my projected release date, 1/20/2021. I have a home eligibility date of 7/20/2020. I'm respectfully asking the courts grant my motion for release for the above reasons.

Sincerely  
Basheem Smalls
